

REMARKS

The present application includes claims 1-38. In this preliminary amendment, original claims 1-19 have been cancelled without prejudice, and claims 39-60 have been added, and claims 20, 36, 37 and 38 have been amended. Claims 20-60 are now pending. Also, the specification filed herewith has been amended on page 1 to include a priority claim to the parent application, and also to incorporate the amendments made in the parent application.

Claim 20 has been amended to provide antecedent basis for certain elements and also to direct it to the distractor in Figs. 46-56. Claims 36, 37, 38 have been amended to provide antecedent basis and to coordinate with the amendments made in claim 20. These amendments are provided to direct the scope of the claims to the embodiments in Figs. 46-56 and also to address informalities in the claims, and are not made for reasons related to patentability. The amendments do not introduce new matter or limit the scope of coverage available under the doctrine of equivalents. Consideration of the present application, as amended, is respectfully requested.

Respectfully submitted:
